Ancilla Beef & Grain Farm

A ministry of the Poor Handmaids of Jesus Christ

Harvest Season

With beautiful skies, gentle breezes and a nip in the air, harvest season is upon us. Getting the crops in - be it hay, corn or soybeans - is our main job now. These crops are used on the Ancilla Beef & Grain Farm to feed our cattle or to sell at market. With the sound of tractors harvesting and the newly weaned calves calling for their moms, we are again reminded how fast seasons change.

 building - corner of 9B and
 Union Road, Donaldson, IN

Processing Dates:

October 27, 2010

November 24, 2010

December 29, 2010

Prime beef for the freezer makes a great holiday gift for your children, grandchildren or just for yourself. A tender mouth-watering roast would hit the spot on those cold winter nights, or maybe some homemade beef and noodles, a crowd pleaser for sure.
