Ancilla Beef & Grain Farm

A ministry of the Poor Handmaids of Jesus Christ

Warmth of Winter

Settling in for the winter brings back memories of pot roast with carrots and potatoes - so warm and filling. Feeding your family can be hectic at times with work, errands and the list goes on. Put a roast in the oven or crock pot and come home to a hearty ready to eat meal. If you are in a hurry, try our canned beef, it's fully cooked and ready to use. Boil some noodles in beef broth (for extra added flavor), add a can of Ancilla beef, heat, and eat. If you don't want almost two pounds of beef, split the can and freeze the rest for later.

MISSION STATEMENT

Ancilla Beef and Grain Farm is a ministry of the Poor Handmaids of Jesus Christ that models rural family farming by raising grain and quality beef in an environmentally friendly and natural way. Grounded in tradition and guided by PHJC values, Ancilla Beef and Grain Farm endeavors to help sustain the PHJC Ministry Center. The efforts of the Farm also contribute to the food supply of the geographic community.
